

Dr Dilshaad Ali Bin Abas Ali – ACHS International Medallist 2024 Asia Pacific

ACHS International proudly recognises Dr Dilshaad Ali Bin Abas Ali for his outstanding contributions in the field of healthcare quality and patient safety. With over 20 years of global experience, Dr Dilshaad is a distinguished healthcare leader who has had a profound impact on patient outcomes in both the public and private sectors.

As the Group Chief Executive Officer of Hoan My Medical Group, Dr Dilshaad has exemplified transformational leadership, guiding the organisation to remarkable growth, and setting new benchmarks in Vietnam's healthcare industry. His strategic initiatives focus on staff development, technological integration, and continuous quality improvement.

Dr Dilshaad's commitment to quality and safety is evident in the establishment of specialised committees and task forces at Hoan My, which regularly analyse performance data and patient feedback to drive systematic improvements. His vision includes leveraging advanced technology to streamline patient data management and improve diagnostic accuracy, as well as expanding telemedicine platforms to enhance accessibility and continuity of care.

Notably, Dr. Dilshaad led the investment in technology, modern facilities, advanced equipment, and skilled personnel to ensure continuous improvement and positive patient experiences at Hoan My. Hoan My Sai Gon, a member of the Hoan My Medical Group, became the first healthcare facility in Vietnam, and the second in Southeast Asia, to install GE Healthcare's SIGNA Hero, a state-of-the-art MRI scanner, which has enhanced productivity and patient comfort.

Prior to joining Hoan My Medical Group, Dr Dilshaad held pivotal roles such as CEO of Makkah Healthcare Cluster and King Abdullah Medical City (Saudi Arabia), Avivo Group (UAE), Mubadala Healthcare (UAE) and Pantai Medical Group (Malaysia). He also has extensive expertise in senior management in Vietnam's healthcare industry, serving as Founder and CEO of TMMC Healthcare & Asia Medical Group, Managing Director and Project Development Executive of Far East Medical Clinics (Hong Kong) and FV Hospital (Vietnam).

Dr Dilshaad earned an MBA (major in Innovation) from Hult Business School, USA and an MBA from University of Strathclyde, United Kingdom. He obtained a Bachelor of Medicine and a Bachelor of Surgery (MBBS) degree from Dow Medical College, University of Karachi, Pakistan.

Dr Dilshaad has had significant impact on the quality and safety of international healthcare services. His commitment continually improving medical services, treatment and hospital management methods exemplifies excellence in healthcare leadership.

Congratulations Dr Dilshaad on your many achievements and being the well-deserved recipient of the ACHS International Medal 2024 – Asia Pacific.
